

ALIBUNDLE35-WB
Smart, Flexible Multipack Tape

As part of the Alimac® Group commitment in “handling with care” the future of packaging by continuously differentiating and enhancing a comprehensive portfolio of secondary packaging solutions, the launch of the new multipack tape Alibundle35-WB represents a key milestone of the journey as an integrated end of line solutions provider.

ALIBUNDLE35-WB

innovations with care

Alibundle35-WB is a self-adhesive tape designed to bundle while securing clean removability by avoiding any damages of the primary packaging when teared off.

Used with High-speed machines, it represents an effective alternative to bags, shrink wraps, and any other solution used for multi-unit and promotional packaging, allowing to improve the design of your packaging by reducing material utilization and energy consumption.

Combined with Carry Handle tapes can represent a perfect packaging solution for practical and easy transportation.

Main features and advantages:

- Strong adhesion to secure proper bundling
- Water based adhesive designed for easy and clean removability
- Suitable for multiple materials
- High quality custom printing option for branding or promotional messaging
- Reduced material and energy utilization
- Increased productivity

Ideal for a large variety of markets

- Beverage
- Diary / Juices
- Tissue
- Personal Care

	Value	Note
Backing tape	BOPP	
Adhesive	Water-based acrylic	
Color	Transparent base standard up to 3 colors	additional colors available on request
Adhesion on steel - N/25 mm	2 - 4	AFERA 5001
Elongation - %	135 - 185	AFERA 5004
Tensile strength - N/25 mm	105 - 130	AFERA 5004
Thickness (film) - um	34 - 36	AFERA 5006
Total Thickness - um	44 - 46	AFERA 5006
Recommended temperature - °C	10 - 40	Storage conditions
Humidity - % RH	20 - 80	Storage conditions
Shelf life - months	12	
Measure - MM x MT	37,5 - 50 - 75 - 150	660 - 990 - 1500

Other sizes may be evaluated upon request
